

Due Diligence Helpdesk on EU Sanctions for EU SMEs dealing with Iran

The Due Diligence Helpdesk on EU Sanctions is an initiative funded by the European Union. Its goal is to support EU companies, in particular Small and Medium-sized Enterprises (SMEs) in doing business with Iran in compliance with EU law.

The Helpdesk provides free-of-charge support to EU SMEs on how to complete due diligence checks on EU restrictive measures (sanctions) compliance for specific business projects in Iran.

The Helpdesk facilitates the efforts by EU SMEs in realising legitimate business opportunities in Iran and providing documentation on compliance with EU Sanctions for European financial institutions. More information about the Helpdesk and its free of charge services is available at <https://sanctions-helpdesk.eu/>.
